

SOCIAL FIRMS for PEOPLE with AUTISM

- Funded by the Scottish Executive for 2 years
- Social Firms Coordinator
- On behalf of a group of autism support agencies
- Aims:
 - To develop Social Firms for people with autism
 - To help generic Social Firms be more accessible for people with ASD

Partner Agencies:
Autism Initiatives Scotland, NAS, SSA, INTOWORK, ARC (Autism Resource Centre), PASDA (Parents of Autistic Spectrum Adults), ELAS (Edinburgh and Lothians Asperger's Society)

Project background

- Partnership arising from the Number 6 (One Stop Shop for adults with AS)
- Funding from Scottish Government for 2 years (July 2007-June 2009)

Main objectives

- To help partner agencies develop Social Firms
- To support existing generic firms to be better equipped to employ people with ASD
- To establish good practice guidelines and networks to enable the work to continue

Social Firms

- A form of social enterprise business** developed to provide employment and training opportunities for people with disabilities and other disadvantages
- Aims to address social and economic exclusion
- In the staff team at least 25% of workers are disadvantaged
- 50% of turnover is earned through sales income from products or services
- All employees are paid a market wage
- Offers a higher level of support and flexibility than open or sheltered employment
- All employees have the same rights and obligations

ASD Social Firms Coordinator - Key activities

- Support partner agencies to identify business opportunities and emerging social firms
- Develop a business plan for each partner agency
- Make links with existing social firms
- Compile models of ASD good practice in the workplace
- Make links with Social Firm and Social Enterprise support agencies
- Establish a steering group of partner agencies for the Social Firms Project
- Create an ASD Social Firms Network open to all autism support agencies in Scotland
